Dear Mr. Kuranda,

Every day, people living with type 1 diabetes (T1D) triumph over the disease in ways that were unimaginable not too long ago. Support like your generous donation of \$500.00 to the *2017 JDRF One Promise Gala, Fund a Cure* makes this possible. Your contribution to JDRF means that we can continue to work every day to deliver life-changing treatments and therapies to the community until we find a cure for this devastating disease.

For people who live with T1D, there are no days off. Every day requires complex balancing of food intake, blood testing, exercise, stress management, and insulin injections just to manage the disease. Your donation helps to end this daily burden by funding research to develop clinical trials for artificial pancreas systems, beta cell encapsulation devices, new therapies to treat complications, and prevention methods to slow or halt the progression of T1D. Most importantly, your gift provides hope that we will create a world without T1D for those we love.

With donors like you, we are confident that we are on the right path to turn Type One into Type None. If you have any questions about your donation, please call Clare Shields at 610.227.0364. On behalf of JDRF and the millions of people living with T1D, thank you today and every day.

Sincerely,

A handwritten signature in black ink, appearing to read 'Patrick K. Delaney', is written over a faint, light-colored signature line.
